Education

Vignana Bharathi Institute of Technology

Hyderabad, India

Bachelor of Technology – Computer Science and Engineering ; CGPA: 7.5/10

2023 – 2027

Sri Chaitanya Junior College

Hyderabad, India

Intermediate (12th Grade) ; Percentage: 94.2%

2021 – 2023

Ambitus School

Siddipet, India

Secondary School Certificate (10th Grade) ; CGPA: 10/10

2020 – 2021

Skills Summary

Languages : Python, Java, C++, C, JavaScript, SQL
Frontend : HTML/CSS, React.js, Tailwind CSS, Bootstrap
Backend : Node.js, Express.js, Flask
AI / LLM : LangChain, Gemini API, Vector Databases, Cursor, Claude
Tools : Git, GitHub, REST APIs, Postman

Experience

OGFA Retail Enterprises Pvt. Ltd. – Internship

Python Developer Intern | Play Store

Jan 2026 – Apr 2026

- Developed and maintained backend REST APIs using Python and Flask for an online grocery savings platform.
- Designed and optimized API endpoints for user authentication, product management, order processing, and cart operations.
- Integrated Crown Jobs payment gateway to support secure online transactions and payment workflows.
- Collaborated with frontend developers to ensure smooth API integration and efficient data exchange.
- Improved backend performance and debugging processes by identifying and resolving API and database-related issues.
- Researched and explored AI agent development for automated customer support and conversational assistance features.

Projects

AI-Powered Web App | Python, LangChain, Gemini API, Flask, React.js

- Built an intelligent web application integrating LLM capabilities using LangChain and Gemini API for automated query handling and conversational AI features.
- Designed a full-stack architecture with a Flask backend and React.js frontend, leveraging vector databases for semantic search and context retrieval.

E-Commerce REST API | Python, Flask, SQLite, Postman

- Developed a fully functional e-commerce backend API with endpoints for user auth, product CRUD, order processing, cart management, and payment flow simulation.
- Implemented JWT-based authentication, input validation, and structured error handling for robust and secure API design.

Personal Portfolio Website | React.js, Tailwind CSS, Node.js

- Designed and deployed a responsive personal portfolio showcasing projects, skills, and experience with a clean modern UI built using React.js and Tailwind CSS.

Achievements

- Achieved **10 CGPA** in 10th grade (SSC) and **94.2%** in Intermediate, demonstrating consistent academic excellence.
- Participated in **college-level hackathons**, developing innovative solutions under time constraints and collaborating in team environments.
- Completed an internship at **OGFA Retail Enterprises Pvt. Ltd.** with a strong recommendation for work ethic and problem-solving skills.
